**MODEL REQUEST FOR PROPOSAL:  
BANKING SERVICES**

\_\_\_\_\_(NAME OF CSB)

## **1.0 PURPOSE**

Purpose: The objective of this request for proposal is to identify the particular banking institution that can offer the highest quality and greatest diversity of services, provide the highest amount of interest income to the CSB, and offer the lowest possible cost of services.

Virginia Security for Public Deposits Act: The CSB's investment policy is guided by the Code of Virginia requirements. Proposing banks should clearly understand the collateralization limitations placed upon public agencies by the Code of Virginia.

## **2.0 STATEMENT OF NEEDS**

2.1 **Overview of Proposed Cash Management System:** Before specific details of the required banking services are addressed, the Community Services Board (CSB) presents an overview of the cash management system it seeks to develop. A brief description of the major attributes of the system is noted below.

2.1.1 CSB will make a daily deposit of checks and cash, as well as electronic deposits, to the master depository account during the workweek.

2.1.2 CSB will maintain one Zero Balance Account (ZBA), for both payroll and accounts payable. This account will be used for all disbursements of CSB funds.

2.1.3 Checks will be presented against CSB's zero balance account daily and the bank will make transfers of funds from the master depository account to the ZBA to cover those checks presented for any one particular day.

2.1.4 After all transfers have been made from the master depository account to the ZBA and after minimum compensating balance requirements are met, the selected bank will automatically invest daily any excess cash balances left in the master depository account. Excess cash balances in the master depository account should only exist on a temporary basis; however, CSB reserves the right to invest any and all excess funds it deems appropriate at its discretion.

2.1.5 The bank will credit, on a daily basis during the workweek, any interest earned by the investment of CSB idle funds into CSB's master depository account.

2.1.6 All accounts should be established to close, for record keeping purposes, at the end of banking hours on the last day of each month.

2.1.7 The selected bank should have the ability to provide the CSB with daily balances and transaction information processed through the operating and zero balance account.

2.1.8 Alternative arrangements are welcomed from proposers that may accomplish the CSB's objective of maximizing earnings as allowed by law.

## **3.0 ACCOUNT STRUCTURE**

3.1 Account Activity: Information is presented in **ATTACHMENT 1C** to proposers to provide levels of activities and account volume information for consideration in their proposals.

3.2 Master Depository Account: On an operational basis, all deposits and disbursements will flow through the master depository account. All incoming and outgoing wire transfers will be made from this account. All funds that are received by CSB's fiscal agent (if a fiscal agent is used), will be transferred

through this account.

3.3 Zero Balance Account: CSB will maintain one (1) zero balance account upon which will be drawn all CSB checks. This account will always have a zero ledger balance.

3.4 Investment Services: CSB expects the bank to automatically invest any idle cash that exists, above the compensating balance requirements, on a daily basis. It is expected that these investments will be considered public depository funds and therefore demand deposits will be collateralized in the manner prescribed by State law. Also, the bank is expected to utilize the method of investment that most favorably impacts that earning capacity of CSB's idle funds.

3.5 Additional Banking Services: The CSB would like the proposal to include comments on the provision of the additional services below:

3.5.1 Monthly statements showing check activities of the ZBA and the transactions of the master depository account, with the amount of daily interest posted on the statement each day. Such statements will cover the period from the first day of each month to the last day of each month.

All check activities on said statements will be listed in sequential order, by check number, as well as the daily random activity as recorded in the ZBA.

3.5.2 Direct deposit capabilities for CSB payroll disbursements. Each employee may designate one account where the net earnings would be transferred to directly.

3.5.3 The provision of corporate type of VISA/MasterCard to be utilized for approved CSB purchases.

3.5.4 Separate interest bearing depository accounts for each client (savings and checking) whereby clients of CSB and/or their designated payees may receive their monthly governmental assistance payments via direct deposit from the federal government, with access by the client and/or his designated payee. These accounts are used by clients to pay rent and purchase personal items. It is desirable for these individual accounts to have \$0 or very low monthly service fees to minimize the expense to these clients. (See **ATTACHMENT 1G**).

3.5.5 Vehicle financing arrangements that are efficient and provide for the lowest possible cost.

3.5.6 An appropriate line of credit, for example, between \$200,000-\$800,000.

3.5.7 Any additional services that the bank would like to propose that would enhance the above proposed cash management system.

#### **4.0 QUALIFICATIONS OF PROVIDER**

Qualifications of the Provider: CSB will make such reasonable investigations as deemed proper and necessary to determine the ability of the offeror to perform the work. CSB reserves the right to inspect the facilities of the Contractor at any time during the contract period. The offeror shall furnish CSB all such information and data for this purpose as may be requested. CSB further reserves the right to reject any proposal if the evidence submitted by, or investigation of, such offeror fails to satisfy CSB that such offeror is properly qualified to carry out the obligations of the contract and to complete the work contemplated.

#### **5.0 PROPOSAL PREPARATION AND SUBMISSION REQUIREMENTS**

##### **5.1 General Requirements:**

5.1.1 RFP Response: In order to be considered for selection, offerors must submit a complete response to this RFP. One (1) original and (1) copy of each proposal must be submitted to CSB. No other distribution of the proposal shall be made by the offeror.

##### **5.1.2 Proposal Preparation:**

5.1.2.1 Proposals shall be signed by an authorized representative of the offeror. All information requested should be submitted. Failure to submit all information requested may result in the purchasing agency requiring prompt submission of missing information and/or giving a lowered evaluation of the proposal. Proposals which are

substantially incomplete or lack key information may be rejected. Mandatory requirements are those required by law or regulation or are such that they cannot be waived and are not subject to negotiation.

5.1.2.2 Proposals should be prepared simply and economically, providing a straightforward, concise description of the capabilities to satisfy the requirements of this RFP. Emphasis should be placed on completeness and clarity of content.

5.1.2.3 Ownership of all data, materials and documentation originated and prepared for CSB pursuant to the RFP shall belong exclusively to CSB and be subject to public inspection in accordance with the Virginia Freedom of Information Act. Trade secrets or proprietary information submitted by an offeror shall not be subject to public disclosure under the Virginia Freedom of Information Act; however, the offeror must invoke the protection of Section 11-52D of the Code of Virginia, in writing, either before or at the time the data is submitted. The written notice must specifically identify the data or materials to be protected and state the reasons why protection is necessary. The proprietary or trade secret material submitted must be identified by some distinct method such as highlighting or underlining and must indicate only specific words, figures, or paragraphs that constitute trade secret or proprietary information. The classification of an entire proposal document, line item prices and/or total proposal as proprietary or trade secrets is not acceptable and will result in rejection and return of the proposal.

5.1.3 Oral Presentation: Offerors who submit a proposal in response to this RFP may be required to give an oral presentation of their proposal to the CSB. This provides an opportunity for the offeror to clarify or elaborate on the proposal. This is a fact finding and explanation session only and does not include negotiation. CSB will schedule the time and location of these presentations. Oral presentations are an option of CSB and may or may not be conducted.

## **5.2 Specific Proposal Requirements:**

5.2.1 Proposals should be as thorough and detailed as possible so that CSB may properly evaluate your capabilities to provide the required service. Offerors are required to submit the following items as a complete proposal:

5.2.1.1 The return of the RFP cover sheet and addenda, if any, signed and filled out as required.

5.2.1.2 Specific plans for providing the proposed services including:

5.2.1.2.1 Quality controls in place to ensure high quality services.

5.2.1.2.2 Techniques and procedures used to provide the services.

5.2.1.2.3 Additional alternative services available.

5.2.2 Complete **ATTACHMENTS 2A to 2D**, to include cost, interest earning potential, and estimated net profits from the services. Also include the bank's complete annual audited financial report, and qualifications of servicing personnel, and copies of any agreements that the CSB would be expected to sign.

## **6.0 EVALUATION CRITERIA**

In any and all cases, the primary objective of the CSB is to obtain the highest quality and greatest diversity of services and maximize earnings potential at the lowest possible cost. Proposals will be evaluated as follows:

CATEGORY	POINTS	DESCRIPTION
NET EARNINGS	35	All RFPs ( <b>ATTACHMENT 2A</b> ) will be compared for the highest net earnings. This category is defined by deducting costs from interest earnings.
QUALITY OF SERVICE	25	All RFPs will be compared to determine services and technologies available as well as convenience of branch offices. The qualifications of personnel will be evaluated. Oral presentations may be requested.
DEBT COSTS	15	All RFPs will be compared to determine the lowest and most flexible debt costs for vehicle financing and lines of credit.
CLIENT ACCOUNTS	10	All RFPs will be compared to determine the lowest cost of client accounts as well as convenience of branches.
BANK RATING	15	All RFPs will be evaluated for financial soundness. Bank ratings such as Veribanc (800-442-2657) may be used. If such is the case, green three-star may be the minimum level acceptable.
<b>TOTAL POINTS</b>	100	

## 7.0 AWARD

Selection shall be made of two or more offerors deemed to be fully qualified and best suited among those submitting proposals on the basis of the evaluation factors above. Negotiations will be conducted with the offerors so selected. After negotiations have been conducted with each offeror so selected, CSB shall select the offeror which, in its sole opinion, has made the best proposal, and shall award the contract to that offeror. The agency may cancel this Request for Proposal at any time prior to an award, and is not required to furnish a statement of the reason why a particular proposal was not deemed to be the most advantageous. (See Section 11-65D, Code of Virginia). Should CSB determine in writing and its sole discretion that only one offeror is fully qualified, or that one offeror is clearly more qualified than the others under consideration, a contract may be negotiated with that offeror and awarded to that offeror. The award document will be a contract incorporating by reference all the requirements, terms, and conditions of the solicitation and the Contractor's proposal as negotiated.

## 8.0 GENERAL TERMS AND CONDITIONS

The offeror will conform to the general terms and conditions as included as **ATTACHMENT 1A** of this RFP. It is important for the offeror's servicing office to be located near the CSB's administrative office to facilitate deposits and other transactions.

## 9.0 SPECIAL TERMS AND CONDITIONS

9.1 Withdrawal of Proposal: Proposals may be withdrawn from consideration at any time prior to 4:00 p.m. on (Indicate date) \_\_\_\_\_ by forwarding a request for withdrawal letter signed by the individual who has the authority to act in the bank's name and whose signature is on the original documents.

9.2 Appropriation of Funds and Cancellation of Contract: Should funds not be appropriated or otherwise made available to support continuation of the contract in any subsequent fiscal period. CSB shall notify the bank in writing as to non-availability of funds. The contract will be considered canceled ninety (90) days from issuance of this written notice. The bank must give CSB no less than ninety (90) days written intention to cancel if services can no longer be continued under the terms of this contract.

9.3 CSB reserves the right to use some or all of the services offered by the bank.

9.4 Change in Bank Ownership: If ownership of the bank changes during the term of the contract (e.g., through mergers, etc.), a 90-day written notice to the CSB is expected should any changes to the existing contract be required. If such notice is not provided, the CSB expects the existing contract to be honored by the new owner.

## 10.0 ATTACHMENTS

The CSB should complete **ATTACHMENTS 1A to 1G**. The proposing bank should complete **ATTACHMENTS 2A to 2D**. Completed attachments should be submitted with the proposal.
